## PROFESSIONAL SUMMARY

---

Architecture student at Florida Atlantic University pursuing a Bachelor of Architecture, with internship experience spanning construction management, architectural documentation, and design visualization. Practiced in producing construction documents, presentation drawings, and high-quality renderings across residential and commercial project scales. Collaborative team contributor with direct exposure to project workflows at architecture and construction firms.

## EDUCATION

---

### Florida Atlantic University

*Bachelor of Architecture (B.Arch).*

Fort Lauderdale, FL

*Expected 2028*

## EXPERIENCE

---

### Construction Management and Architectural Intern

2026 – 2026

*Magen Builder Group*

- Conducted site visits across Florida for residential construction projects, verifying compliance with design specifications
- Collaborated with a team of designers across all phases of small-, medium-, and large-scale projects under the direction of a Project Manager or Principal
- Designed and developed presentation drawings, construction documents, and all project-related administrative materials
- Performed field surveys and existing-condition documentation, including construction observation and administration

### Ambassador

2026 – Present

*D5 Rendering*

- Produce high-quality architectural visualizations and real-time renderings using D5 Render
- Create and distribute project content including renders, animations, and tutorials for FAU design communities
- Promote the software through social media and portfolio work, expanding its presence within the architecture community
- Monitor rendering trends and AI visualization tools to maintain current expertise in emerging technology

### Interior Design Intern

April 2025 – August 2025

*Syntax Management Offices*

- Oversaw vetting and procurement of all decorative items for interior projects
- Collaborated with clients, vendors, and cross-functional teams to align on design objectives
- Designed functional and aesthetic layouts using Adobe Illustrator, Photoshop, and InDesign
